**WHAT** is the community walk?
The City of Minneapolis and the Midtown Phillips neighborhood are partnering to hold a community walk about traffic safety. Residents will be able to share their thoughts on traffic safety. City staff will use comments from residents to create traffic safety improvements.

---

**WHY** is this happening here and now?
The City is starting engagement on a traffic safety project on 24th Street, 26th Street, 28th Street, and Chicago Avenue. In 2017 and 2018, the City analyzed 10 years of crash data for trends to inform future work. This analysis shows that there are many car crashes on these streets. These car crashes cause injuries and even deaths.

---

**WHEN/WHERE** is the walk happening?
Wednesday, October 13 at 5:30 pm
Meet at 26th Street & 12th Ave

---

**HOW** will information from the walk be used?
City staff are starting public engagement for a traffic safety project in Phillips. The project includes 24th Street, 26th Street, 28th Street, and Chicago Avenue. City staff will use information from residents shared during the walk to create ideas to improve traffic safety.
